

Statement and Certification of Qualifying Income

Audiovisual on-demand media service providers

Introduction

In accordance with Part 1 of the Levy Reconciliation Process published by Coimisiún na Meán (the “**Commission**”), the Commission has set out the following work programme for audiovisual on-demand media service providers to provide the Commission with their statements of qualifying income, duly certified by their auditors.

The Commission has formulated a two-step process to provide an acceptable level of comfort that each provider’s statement of qualifying income has been properly prepared by a provider in the first instance, and secondly, that the statement of qualifying income is certified as accurate by the relevant provider’s auditors.

This document includes details of the two-step process as follows:

1. Agreed-Upon Procedures to be completed by an Independent Accountant

Section 1 of this document sets out the agreed-upon procedures to be completed. It includes:

- an example letter of engagement from the independent accountant to the provider;
- Appendix A - a sample statement of qualifying income to be provided by the directors of the provider; and
- Appendix B - a sample form of report from the independent accountant to the provider;
- Sample size Guidance (adjusted sample size).

The independent accountant may also be the auditor of the company.

This set of agreed-upon procedures is designed to ensure that in preparing the statement of qualifying income, the company has fully complied with the requirements of the Commission in this regard and has used the basis of calculation of qualifying income as set out in the relevant levy order.

2. Preparation of certificate supporting statement of qualifying income

The statement of qualifying income must be certified by a Qualified Person¹.

Section 2 includes:

- a sample letter of engagement from a qualified person to the provider; and
- a sample form of certificate from the qualified person to the provider.

3. Standard Sample size Guidance

¹ “Qualified person” means a person who is qualified for appointment as auditor of a company under section 468 (6) of the Companies Act 2014 as amended.

Audiovisual on-demand media service providers

The Commission requires each provider to provide a certificate supporting the statement of qualifying income in accordance with the two-step process outlined above. Once completed, the following documents must be submitted to the Commission:

- a copy of the statement of qualifying income;
- the certificate of the qualified person; and
- a copy of the audited accounts for the relevant period.

Queries in relation to these requirements from providers or their qualified person(s) should be directed to the Commission at levy@cnam.ie.

Timeline

Queries in relation to these requirements from providers or their qualified person(s) should be directed to the Commission at levy@cnam.ie.

Submissions relating to levy year 2024, should be made to levy@cnam.ie, by 10 October 2025.

Please note that a late submission will result in a delay to the refund process for levy year 2024.

Section 1: Agreed-Upon Procedures to be completed by an Independent Accountant

Sample documents for Agreed-Upon Procedures

A sample draft engagement letter between an Independent Accountant and a provider is set out below for convenience. However, it is up to the provider and the Independent Accountant engaged by the provider to agree the specific contract terms for this engagement between themselves.

This sample letter is not intended to either prescribe terms and conditions between the provider and the appointed Independent Accountant or to prevent the provider and the appointed Independent Accountant from agreeing different terms and conditions.

Accordingly, we cannot accept responsibility for detecting fraud (whether by management, employees or by external parties) or for misrepresentation by the management or employees of the Company.

Should the Company wish us to carry out work specifically designed to detect fraud (or other verification work in particular areas) we will be pleased to discuss this, but the Company should understand that such work normally requires a very different approach, a longer time scale and we would have to agree specific terms on which we would (or would not) undertake the work.

Section 3.1– Standard Sample size Guidance

Table A Select your sample size based on the risk rating (Low/Moderate/High) for the Provider as notified to the Service Provider by the Commission.

For information, the criteria used to arrive at the risk rating for a Provider are set out in Section 3.2 of this document. You are not required or requested to do any work in relation to Section 3.2.

Risk Rating	Low	Moderate	High
Number of items in population	Sample size	Sample size	Sample size
>200	16	30	55
>100-200	10	16	25
>50-100	5	8	15
<50	3	4	5

Your sample should be selected from the population using haphazard selection. If the population is less than the minimum sample size shown in the table, the sample size selected should ensure that at least 90% of the value of the population is covered.

Section 3.2 - Risk Criteria: For information only

The Commission will calculate a risk score for each Service Provider. This score will give each Service Provider a Low/Moderate/High risk rating which will be communicated to them.
